

Archives Committee Annual Report
NAHSL Annual Meeting
November 8, 2022

Several items have been added to the print archives at the Lamar Soutter Library this past year and the Finding Aid has been updated to reflect these additions (<https://nahsl.libguides.com/NAHSL/FindingAid>). There are a few boxes of financial records and other items that need to be organized into file folders and added to the Finding Aid; I requested a box of acid-free file folders for this purpose.

Throughout the year I have continued to update the Past Minutes & Reports page with the annual meeting minutes and reports, executive board meeting minutes and reports, and the chapter reports to the MLA: <https://nahsl.libguides.com/NAHSL/archivereports>.

Respectfully submitted,

Bridget Gunn, Baystate Health
Archives Committee Chair
